Re: Lone Tree Cemetery Project

Happy New Year!!

As many of you are aware, I am working on a Town grant for the Lone Tree Cemetery. What I am basically doing is creating a database along with a map, so that the public can walk right up to their ancestor's plots. I will also be generating a statistical analysis based on the cemetery and related to Telluride, for example; "What was infant mortality from 1900-1905?" or "What was the average age of death for females between 1910 and 1920?"

To date, I have collected all of the information from the cemetery plots and entered it into a data base. The data base is quite large, with 1,234 individuals accounted for. Now, I need a little help from the community.

To myself, a newcomer, these are just names and numbers. To you, many of these names are old friends, or relatives, or names of people you have heard about. I would like your input to increase the information available to the public. In particular, I am looking for the following information:

Occupation; Do you know what any of these people did for a living?

Cause of Death: Any idea how anyone died?

Ethnicity: Do you know if anyone is from the Old Country or born in the U.S.? Which country? Which state?

Gender: Was 'Leander Anderson' a man or a woman? How about "M.E. Sweeney?" "Baby Swan?" Etc.

Noteworthy Events: Did any of these people take part in events particularly historic?

The following list is set up in this manner:

MAP #, LAST NAME, FIRST NAME, BIRTH/YR, DEATH/YR, GENDER,  
AGE/DEATH.

There are also several forms. Please put any information you can think of that will increase the historical database. Write on the back if necessary.

Thank you,  
Dave
